**Secretary:** Anthony Foxx

**Department:** Department of Transportation (DOT)

**Maryland Employees:** 522

**Procurement Contracts in 2015:**

- \$6,348,024,946 US Total
- \$744,188,361 Performed in Maryland

**History & Mission:** Prior to the Department of Transportation, the Under Secretary of Commerce for Transportation administered the functions now associated with the DOT. In 1965, Najeeb Halaby, administrator of the Federal Aviation Administration (FAA), suggested to President Lyndon B. Johnson that transportation be elevated to a cabinet-level post, and that the FAA be folded into the DOT. The Department of Transportation was established by an act of Congress on October 15, 1966. The Department's first official day of operation was April 1, 1967.

The mission of the Department of Transportation is to serve the United States by ensuring a fast, safe, efficient, accessible and convenient transportation system that meets our vital national interests and enhances the quality of life of the American people, today and into the future.

## Department of Transportation (DOT)

### [Federal Aviation Administration \(FAA\)](#)

---

FAA's continuing mission is to provide the safest, most efficient aerospace system in the world. FAA is working with its federal and industry partners to develop a flexible aerospace system that fully responds to the changing needs of businesses and customers in the 21st century. The strength of the NextGen system depends on lower costs, improved service, greater capacity, and smarter security measures. FAA has defined a vision of the future that integrates achievements in safety, security, efficiency, and environmental compatibility.

### [Federal Highway Administration \(FHA\)](#)

---

The Federal Highway Administration (FHWA) is an agency within the U.S. Department of Transportation that supports State and local governments in the design, construction, and maintenance of the Nation's highway system (Federal Aid Highway Program) and various federally and tribal owned lands (Federal Lands Highway Program). Through financial and technical assistance to State and local governments, the Federal Highway Administration is responsible for ensuring that America's roads and highways continue to be among the safest and most technologically sound in the world.
