History & Mission: The Alcohol, Drug Abuse and Mental Health Administration, a predecessor agency, was established in 1974. SAMHSA was established in 1992.

SAMHSA has sharply focused its mission on building resilience and facilitating recovery for people with or at risk for mental or substance use disorders. SAMHSA is working to ensure that people with or at risk for a mental or addictive disorder have the opportunity for a fulfilling life that includes a job, a home, and meaningful relationships with family and friends.

SAMHSA’s resources and programs are designed to promote service capacity expansion and service and infrastructure improvements to address prevention and treatment gaps. SAMHSA provides direct support to state and local service systems, funding activities to implement practice improvements through grants and contracts. SAMHSA also provides support through federal leadership and policy direction.
