Commander: Rear Adm. John S. Lemmon, USN

Command: Naval Air Systems Command

Branch: U.S. Navy

History & Mission: Headquartered at Patuxent River, Maryland; with locations at Lakehurst, New Jersey; and Orlando, Florida; NAWCAD team supports research and development, engineering, test and evaluation of all Navy and Marine Corps air vehicle systems and trainers. NAWCAD manages test ranges, test facilities, laboratories and aircraft necessary to support the fleet's acquisition requirements. They provide a variety of services to the Department of Defense, federal agencies and non-federal customers. NAWCAD is one of two product centers within Naval Air Systems Command (NAVAIR) that partner with industry to deliver high-quality, affordable products in support of military operating forces worldwide. Their products and services include aircraft, avionics, air-launched weapons, electronic warfare systems, cruise missiles, unmanned aerial vehicles, launch and arresting gear, training equipment and facilities, and all air power equipment related to the Navy and Marine Corps.

Capabilities:

- NAWCAD is the full spectrum research, development, test and evaluation (RDT&E), engineering, and fleet support center for air platforms.
- The core product areas provided include: Air Vehicle, Aircraft Launch and Recovery/Support Equipment, Avionics, Crew Stations, Propulsion & Power, Prototyping, Ship/Shore Air Operations, Manned and Unmanned Air Vehicles and Test & Evaluation Resources.
