**Commanding Officer:** Captain Eric C. Correll, USN  
**Command:** Naval Sea Systems Command  
**Branch:** U.S. Navy

Employees: 800 civilians, 50 military personnel

**History & Mission:** The Naval Surface Warfare Center, Indian Head Division (NSWC IHD) is the Department of Defense (DoD) Energetics Center and serves as the DoD Explosive Ordnance Disposal Technology Program lead. NSWC IHD focuses on the research, development, test, evaluation and in-service support of energetics and energetic systems as well as works to provide Soldiers, Marines, Sailors, and Airmen worldwide with the information and technological solutions they need to detect/locate, access, identify, render safe, recover/exploit, and dispose of both conventional and unconventional explosive threats. One of ten divisions of the Naval Sea Systems Command Warfare Center Enterprise, the main site for NSWC IHD is located at Naval Support Facility Indian Head, a 3,500-acre peninsula along the Potomac River in Southern Maryland. It is a 1700-person organization with sites in McAlester, OK; Ogden, UT; Picatinny, NJ. NSWC IHEODTD has the largest U.S. workforce in the DoD dedicated to energetics and EOD, comprising more than 800 scientists and engineers and 50 active duty military.
