<td>The original approved amount of $9.5 million incentive was structured to be disbursed through a series of 7 conditional loans and a grant. The 1st loan of $2 million converted to a grant if the Company employed and retained 1,250 FTE at the Frederick facility from 12/31/11 through 12/31/18. If the Company did not meet that requirement the Loan was to be repaid based on a pro-rata of $1,600 plus accrued interest for each position short of the goal. The remaining $7.5 million was to be disbursed in amounts not to exceed $1,071,429 annually over a seven (7) year period. If the Company did not meet the employment goal of 1,250 the Loan was to be repaid based on a pro-rata of $857 plus a 3% fee added to the amount of repayment in lieu of a loan interest rate. Each loan was conditioned on prior year employment of at least 1,250 FTE. The Department disbursed a total of $4,142,858 to the Company over a three period. The Department verified 904 FTE’s as of 12/31/14, creating a shortfall of 346 FTE. Additionally, the Company notified the Department that there would be further reductions to employment at the Frederick facility. The Company offered to repay any outstanding balances, rescind the offer of drawing down the remaining funds ($5,357,142) and terminate the Loan Agreement.</td>
