Commissioner: Timothy Gribben

Department: Department of the Treasury

Maryland Employees: 385

History & Mission: The Bureau of the Fiscal Service (Fiscal Service) was established on October 7, 2012, with the consolidation of two Treasury Department bureaus: the Bureau of the Public Debt (BPD) and the Financial Management Service (FMS). BPD financed government operations, accounted for the resulting public debt, and provided financial and administrative services to federal agencies. FMS supplied central payments and collections and deposit services for the federal government and prepared the financial statements of the federal government. By combining these responsibilities, the Bureau of the Fiscal Service transforms the way the federal government manages its financial services.

The mission of the Bureau of the Fiscal Service is to promote the financial integrity and operational efficiency of the federal government through exceptional accounting, financing, collections, payments and shared services.
