The Maryland Department of Commerce, in accordance with federal guidelines, has been designated by the Governor of Maryland to review and confirm TEA requests.

To qualify as a TEA, a location must be within a rural area or have an unemployment rate that equals or exceeds 150% of the corresponding national unemployment rate. Commerce can provide a spreadsheet showing where most of these areas are located in Maryland. Rural area is defined as an area not within a metropolitan statistical area as defined by the Office of Management and Budget.

The following websites can provide additional information about the federal EB-5 Visa program and Census tracts in Maryland:
